### Student Competition Details

#### The Pam and Rolando Del Maestro Family Undergraduate Student Research Competition Awards

This undergraduate research competition will provide students an opportunity to create a research proposal, practice presentation skills and receive constructive feedback from a panel of judges.

The winning team receives the opportunity to present at our Brain Tumour National Conference in Toronto, ON for a monetary prize on October 20, 2018.

(11:30 AM - 12:30 PM)

**IMPORTANT:** All students are welcome to participate in Halifax, NS (June 16) or London, ON (Sep 15). If you do not live in the city where a competition is being run, your team can be streamed-in to present.
